

NOTIONS CUBE WORKSHOP

To use workshop time efficiently, this workshop requires that the sewist pre-cut and pre-press the required fabric pieces.

Supply List to Bring to the Workshop

- **\$2 zipper & Peltex fee** payable to Debbie Jean Hopkins at the beginning of the workshop for the required Peltex and two zippers (many color choices will be available).
- All of the notions cube fabric pieces that have been cut, folded, and pressed
- Do NOT bring Peltex and do NOT bring zippers – they are supplied in the \$2 fee
- Pockets to Go pattern by Atkinson Designs
- Working free-arm sewing machine with power cord & foot pedal
- All-purpose straight stitch foot
- Zipper foot- (can be optional as in this project, it's possible for the foot to “ride” the teeth)
- ¼” foot (it is BEST if the ¼” foot has a ledge to guide the fabric)
- Thread to match or contrast fabric
- Basic sewing supplies
- 2” x 6” or larger ruler with ¼” gradations – (Debbie Jean uses a 4” x 14” ruler along with two additional 1” wide rulers to make the creation process go quickly.)
- Disappearing marker or chalk - or Frixion Pen - or erasable marker or erasable chalk
- A sack lunch & drink to keep you nourished while you are having fun. Note: there are a few eateries nearby.
- Wonder clips or Craft clips

Optional Supplies to Bring to the Workshop

- Invisible thread – used to sew on binding – Debbie Jean will bring some for you to use.

Workshop Prep

Workshop Prep Time: Once Debbie Jean decided on which fabrics to use, it took her ½ hour to cut out and press the necessary pieces for this project. Please allow yourself one hour to complete the prep work.

Note: For ease of learning, directional fabric is not recommended for this workshop. (For those sewists who compare the pattern piece dimensions with the following fabric piece dimensions – Yes, the dimensions below are slightly different!)

Main Fabric

- **Two** 6½" x 6½" (Bottom)
- **Two** 6½" x 8" (Zipper Pocket Bottom)
- **Two** 2½" x 11½" (Handles)
- **Six** 5½" x 6½" (Sides)
- **Two** 2½" 6½" (Zipper Pocket Top)
- **One** 2½" x 26"+ (Top Binding)

Contrast Fabric

- **Four** 7½" x 9" (Pockets)
- **Two** 5½" x 6½" (Behind Zipper)
- **Two** 2½" x 21"+ (Side Binding)

Folding and Pressing Instructions (Note: these instructions are also on the cut-out labels)

- Contrast Pocket– Fold in half with wrong sides together to measure 4½" x 7½" and **PRESS** – see Pockets to Go step #1 for clarification and illustration.
- Main Color Zipper Pocket Bottom - Fold in half with wrong sides together to measure 4" x 6½" and **PRESS** – see Pockets to Go step # 3 for clarification and illustration.
- Main Color Zipper Pocket Top - Fold in half lengthwise, wrong sides together to measure 1¼" x 6½" and **PRESS** – see Pockets to Go step # 6 for additional clarification.
- Main Color – Top Binding & Contrast - Side Binding - Fold in half lengthwise, wrong sides together to measure 1¼" x 'length of binding' and **PRESS** – see Pockets to Go step # 16 for clarification and illustration.
- Main Color Handles - Fold in half lengthwise, wrong sides together and **PRESS**. Open the fold, fold the raw edges (wrong sides together) into the middle and **PRESS** again – after the second **PRESS**, each handle will measure 5/8" x 11"ish. – see Pockets to Go step # 19 for clarification and illustration. (Note: by using the above fabric dimensions, the handles are in the main color and are **not** in the contrast color that the pattern illustrates).

Decorating Instructions (Optional)

- Main Color – Sides – Embroider a design or apply an applique on 2 (two) of the main color sides.
- Main Color – Bottom – Feel free to embroider your name on one or both of the bottom pieces.
- Main Color – Handles – Step # 19 in the pattern states to top stitch on both long edges of the folded layers; however, 1 (one) wide decorative stitch right down the middle of the handle works nicely. Feel free to use one of your fancy decorative stitches to sew the layers together.

Cut Out Labels

Cut out this page to label the pieces. For your convenience, each label contains the same folding, pressing, and decorating instructions listed on Workshop Prep Page.
